

## NORTH BRANCH LIQUORS

North Branch Municipal Water & Light General Manager Scott Hautala and Energy Services Representative Nancy Kelly present North Branch Liquors, Operations Director Deb Dahlberg with \$1,955 in rebates for upgrading their reach-in cooler doors. This project will save an estimated \$2,400 per year compared to conventional doors. Also pictured are Jim Swenson, Mayor of North Branch, and Joe Starks, City Finance Director. The new cooler doors are “No-Heat” doors, which require less energy to reduce condensation. The doors also included LED lights. Deb shared, “The combination of the new doors along with the LED lamps just make the product sparkle. It is an amazing retrofit.”
